Cycle– Focuses on proper alignment and cycling techniques using specifically designed studio bikes. Bring a towel and water– you control your own pace.

Fitness Mayhem– Will use a combination of traditional strength training exercises with dumbbells, cardio training, plyometric, interval training, etc. This is a total body workout.

Pilates– is a body conditioning routine that helps to not only build flexibility, but also strength, and coordination in the legs, abs, arms, and back. Breathing control and flexibility exercises restore balance, and improve posture and body alignment.

SilverSneakers® Classic– Have fun and move to the music through a variety of exercises designed to increase muscle strength, range of movement and activities for daily living. Hand-held weights, elastic tubing with handles and a SilverSneakers ball are offered for resistance. A chair is used for seated exercises and standing support. This class can be adapted by the student depending on their fitness level and abilities. It is suitable for beginning to intermediate skill levels.
