## AGE GROUPS

Day Camp allows children 6-12 years old to experience a wide variety of activities and adventures. All campers must have completed at least one year of school (does not include pre-school programs).

Groups are traditionally formed by age, keeping campers who are similar ages and grades together. Groups are co-ed and have at least two counselors. The size depends on the week and enrollment, with the average size around 10-15 campers. If you have a request to be with a friend please include the friend's name in the section of the registration titled 'group mate request'. We do our best to honor requests that fit how our groups are traditionally formed.

## TEEN LEADERSHIP PROGRAM

This three week program designed for young men and women 13-15 years old who have a drive to learn leadership skills. They will participate in group discussion, team building initiatives, and challenge course activities designed to explore each camper's inner potential and leadership abilities. They will also participate in service projects at camp and assist with the day camp program. This program is designed to teach the importance of sharing their talents and abilities with others while also allowing them to continue to enjoy activities new and old with their peers. We will offer the program three times during sessions 1-3, 4-6, and 7-9.
