## Group Ex Class Descriptions

**Balance and Coordination Strength Training-** Improve balance, coordination, and functional strength through a series of exercises specialized for older adults.

**Barre-Yoga Fusion-** This sculpting class will get you flowing through a vinyasa sequence designed to decompress while toning your entire body through barre-inspired movements. You're getting the best of both worlds in one workout with toning, sculpting and flexibility.

**BODYFLOW®** is a yoga class for anyone and everyone. It uses a range of movements and motion set to music that will improve your mind, your body and your life. Bending and stretching through safe and simple yoga moves, a BODYFLOW class blends elements of Tai Chi and Pilates to strengthen your entire body. Breathing control is a part of all the exercises, and instructors will always provide options for those just getting started.

**BODYPUMP®-** \*SEE YOUTH ATTENDANCE POLICY\* is a weight class for absolutely everyone. This form of weight training will make you toned, lean and fit. Using light to moderate weights with lots of repetition (reps), BODYPUMP gives you a total body workout that burns lots of calories. It'll also tone and shape your body, without adding bulky muscles. The rep effect – a scientifically proven Les Mills formula – is the secret to developing lean athletic muscle without the need for heavy weights.

**Cardio Fusion-** A total body workout "infused" with cardio & toning exercises.

**Cycle-** Focuses on proper alignment and cycling techniques using specifically designed studio bikes. Bring towel and water– you control your own pace.

**Line Dancing** – Enjoy a fabulous workout while dancing your way to better health! You'll boost your brain power by improving your memory skills, strengthen your bones without hurting your joints, develop better balance to help prevent falls, and release stress so you feel great.

**MixedFit®** – A people-inspired dance fitness program that is a mix of explosive dancing and boot camp toning. Everything about our dance fitness program can be described as explosive – all of our movements are always big, exaggerated, full-out, and our very best.

**Restorative Yoga-** An extremely gentle approach to Yoga, which helps cleanse the body and mind. This is an excellent class for beginners or individuals with illness or injuries.

**Senior Fit-** A cardio and toning class designed for those "seasoned in life" to improve cardiovascular fitness, balance, and strength.

**SilverSneakers® Classic-** Have fun and move to the music through a variety of exercises designed to increase muscle strength, range of movement and activities for daily living. Hand-held weights, elastic tubing with handles and a SilverSneakers ball are offered for resistance. A chair is used for seated exercises and standing support. This class can be adapted by the student depending on their fitness level and abilities. It is suitable for beginning to intermediate skill levels.

**Total Body Sculpt-** A total body workout to strengthen and tone major muscle groups.

**Yoga-** Yoga combines movement with breath to create strength, awareness and harmony in both the mind and body. Develop your practice by exploring a wider variety of poses and styles in this class.
